

FUND FORMATION

Not merely leadership; dominance. We are the recognized leader in the venture capital and growth equity fund formation marketplace. We routinely negotiate close to one-third of every venture capital dollar raised worldwide. Clients rely on our market knowledge and counsel to help balance the competing interests of limited partners, general partners, employees and portfolio companies, optimizing results for prevailing market trends. As fund sponsors market and raise new funds, we work with them to design the optimal limited partnership agreement, negotiate with prospective limited partners and efficiently manage the fundraising and closing process.

Leading global fund formation practice

- We rely on the experience and craftsmanship of senior talent.
