### Jamie is an associate in the Licensing, Strategic Partnering and Commercial Transactions group.

Jamie advises clients on all aspects of data privacy and intellectual property matters, including licensing, commercialization, open-source software, patent and trademark strategies, risk management, and privacy. She provides legal advice to early-stage technology companies and performs intellectual property due diligence and counseling for venture financing and M&A deals.

Jamie negotiates and drafts a variety of commercial contracts, including licensing and sales agreements, employment and consulting agreements, terms of use, and privacy policies.
