

Findigs Announces \$27M Series B to Simplify Renting

Client News

June 13, 2024

Gunderson Dettmer represented client Findigs, a leading property technology company simplifying rental screening and leasing decisions, in its \$27 million Series B financing led by Nyca Partners. Findigs' all-in-one rental ecosystem is changing renting by addressing the fundamental complexities of rental underwriting, and delivering value back to renters with a fair and simple experience. The company will use the new capital to expand their screening automation service, grow their team and increase platform and data sophistication.

In the [announcement of the transaction](#), Findigs CEO and Co-founder Steve Carroll said, "Today, renters wait days for a decision about where they're going to live because property managers have no choice but to painstakingly review each application. Findigs does the hard work under the surface to enable an immediate, transparent answer. This completely transforms the experience for both sides."

The Gunderson Dettmer deal team was led by Randall Clark and included Valerie Wood, Allison Giebisch, Jessica Hart, Carrie Brown and Rosie Stein.
