

Valor Capital Crypto Summit

Events

June 10, 2022

Valor's Inaugural Crypto Summit took place over June 6 and 7 at the Emiliano hotel in Rio de Janeiro.

The objective of the summit was to be a bridge between the public and private sectors focused on Crypto technologies, policies and solutions. We received incredible feedback regarding the location, format, the diverse and high-quality content, speakers, and attendees. From the Summit, it was clear that Crypto adoption has reached escape velocity and Brazil is and will continue to be a leader in the global crypto ecosystem based on the large and fertile market, progressive Central Bank, and talent in the country.
