February 12, 2025

Gunderson Dettmer partner Aaron Rubin is interviewed in Tech Target's article, "Thomson Reuters lawsuit win not telling of other AI fair use cases," which covers a federal judge's ruling in favor of Thomson Reuters in its copyright case against AI startup Ross Intelligence, rejecting its fair use defense.

In the article, Aaron states, "Maybe, if this were a generative AI technology at issue, the argument as to whether what's being created here using that underlying work, whether it's transformative or not, would be much more compelling than what Ross has to offer here."
