

Viam Announces \$30M Series C for AI Engineering Platform

Client News

March 3, 2025

Gunderson Dettmer represented client Viam, the engineering platform for data, AI and automation, in its \$30 million Series C financing led by Union Square Ventures. Viam is a single platform for engineers of all disciplines to solve problems together and build solutions that are fast and future-proof across robotics, food and beverage, climate tech, marine, industrial manufacturing and more. The company will use the new capital to power global growth across enterprise sectors.

In the [announcement of the transaction](#), Viam CEO and founder Eliot Horowitz said, “We’re fortunate to have incredible partners like Union Square Ventures who are eager to expand their commitment to what we’re building. At the same time, we’re excited to collaborate with Neurone to advance our global ambitions and further the momentum we’re already seeing in Italy and in Europe more broadly. We hit important milestones last year and this raise will help us continue to achieve our goals.”

The Gunderson Dettmer deal team was led by Jose Rivera and included Kian Khajooei, Eric Peshkin and Olivia Aulicino.
