

7 Gunderson Dettmer Clients Awarded the Best Inventions of 2022 by Time Magazine

Client News

November 15, 2022

Time Magazine recognizes 7 Gunderson Dettmer clients in its list of **The Best Inventions of 2022**. The list makes up 200 groundbreaking inventions (and 50 special mention inventions)—including life-mapping artificial intelligence, diamonds made from excess carbon in the air, and the most powerful telescope ever—that are changing how we live, work, play, and think about what’s possible.

Congratulations to the following companies.

Aclima

Aclima is a purpose-driven technology company creating a new way to map and analyze air pollution and greenhouse gases.

Calibrate

Calibrate is a doctor-guided metabolic company with a mission to change the way the world treats weight management.

ClimateAI

ClimateAI, is a climate resilience tool that uses artificial intelligence to predict the physical risk of climate change on assets.

Dutch Pet

Dutch Pet is an online veterinary pet telehealth service providing high-quality veterinary care 24 hours a day.

Switchboard

Switchboard is a cloud coworking space that provides organizations with remote collaboration tools for a flexible virtual work environment.

ThredUp

ThredUp is an online consignment & thrift store to buy and sell high-quality secondhand clothes.

Urbanfootprint

Urbanfootprint is an urban intelligence platform that provides institutions with comprehensive urban, climate, and community resilience data for rebuilding, financing, and insuring the world's physical and social infrastructure.
