Client News

October 16, 2025

Gunderson Dettmer represented client [Ripple](#), the leading provider of digital asset infrastructure for enterprise, in its \$1 billion acquisition of GTreasury, a global leader in treasury management systems.

This acquisition will enable Ripple to expand its reach into the corporate treasury market, delivering instant payment rails and digital asset tools that help CFOs and treasurers modernize operations.

In the [announcement of the acquisition](#), CEO of Ripple Brad Garlinghouse said, “For too long, money has been stuck in slow, outdated payments systems and infrastructure, causing unnecessary delays, high costs, and roadblocks to entering new markets -- problems that blockchain technologies are ideally suited to solve.
