

# Dalus Capital Invests in Alkemio \$2 Million Financing

Client News

May 3, 2026

Gunderson Dettmer represented client Dalus Capital in the **\$2 million pre-seed financing** of Alkemio, a Buenos Aires-based company focused on developing a deep-tech modular low-emission refining system for on-site production of high-purity rare earth element oxides.

Alkemio's approach replaces conventional, chemical-intensive refining with a single system that uses organic materials to separate minerals on site, starting with dysprosium.

The Gunderson deal team included Dan Green and Daniel Gallo.
